

Did Your Members of Congress Protect Children?

**The 2011 Children's Defense Fund Action Council®
Nonpartisan Congressional Scorecard**

About the Children's Defense Fund Action Council

The Children's Defense Fund Action Council's Leave No Child Behind® mission is to ensure every child a *Healthy Start*, a *Head Start*, a *Fair Start*, a *Safe Start* and a *Moral Start* in life and successful passage to adulthood with the help of caring families and communities.

We seek to provide a strong, effective voice for all the children of America who cannot vote, lobby, or speak for themselves. We pay particular attention to the needs of poor and minority children and those with disabilities. The CDF Action Council educates the nation about the needs of children and encourages preventive investments before they get sick or into trouble, drop out of school, or suffer family breakdown.

The CDF Action Council began in 1969 and is a private, nonprofit organization under Section 501(c)(4) of the Internal Revenue Code. We have never taken government funds.

**IT'S HARD TO TIGHTEN YOUR BELT
WHEN YOU'RE WEARING DIAPERS.**

Every dollar invested in a poor child now will save many more dollars later. It's an investment that not only will make us a kinder, gentler nation, but also a richer one.

**IF CHILDREN COULD VOTE, MAYBE POLITICIANS
WOULDN'T IGNORE THEIR PROBLEMS.**

Preface

Congressional Deficit: Leaving Millions of Children Behind

After nearly one million children fell into poverty in 2010, millions of American children and families struggled with hunger and homelessness. Yet Congress in 2011 mostly ignored the 16.1 million poor children and the 7.3 million *extremely* poor children in need. The polarized and hyper-partisan 112th Congress passed not a single major bill to relieve their suffering and bickered its way through high-stakes deadlines to set a record as one of the least productive Congressional sessions ever.

The Ryan Budget

In April 2011, the U.S. House of Representatives launched an all-out assault on children and families in need by passing the “Ryan Budget.” This drastic budget proposed hundreds of billions in cuts from child investments; repealed the landmark health reform law that provides coverage to 95 percent of children; eliminated protections for more than 30 million children currently served by Medicaid; cut children and families from food subsidies; and chopped education subsidies for 9.4 million low-income college students. Ryanomics robs poor children of their futures, rewards the rich by extending the massive Bush tax cuts for millionaires and billionaires, and costs taxpayers \$800 billion over 10 years. Ryanomics leaves no doubt—if we give more massive tax breaks to the richest 2 percent and corporations today, we don’t have the resources to protect and prepare our children for a strong America tomorrow.

The Anti-Child Taxpayer Protection Pledge

The “Taxpayer Protection Pledge,” sponsored by Grover Norquist’s Americans for Tax Reform, is a written promise that asks every state and federal candidate to “oppose and vote against any and all efforts to increase taxes.”¹ By signing the pledge, elected officials promise to oppose 1) “any and all efforts to increase the marginal income tax rate for individuals and businesses” and 2) “any net reduction or elimination of deductions and credits, unless matched dollar for dollar by further reducing tax rates.”² A majority of our Members of Congress have so handcuffed themselves to the pledge that routine decisions like raising the debt ceiling created gridlock taking our nation to the brink of default. Their irresponsible abdication of judgment has put millions of our children and our nation at risk.

¹ Americans for Tax Reform, *State Legislator: Taxpayer Protection Pledge*, 2011, retrieved Oct. 18, 2012, available at <http://www.atr.org/userfiles/StatePledge.pdf>.

² Americans for Tax Reform, *U.S. House: Taxpayer Protection Pledge*, 2011, retrieved Oct. 18, 2012, available at [http://www.atr.org/userfiles/Congressional_pledge\(1\).pdf](http://www.atr.org/userfiles/Congressional_pledge(1).pdf).

Income and wealth inequality have grown hugely, threatening the very fabric of our democracy. Since 1979, the highest-income Americans (top 1 percent) have seen their incomes grow by 275 percent, while the bottom 20 percent has seen only an 18 percent increase. *The top 1 percent holds more net worth than the bottom 90 percent combined.* In 2008, the 400 highest-income taxpayers earned as much as the combined tax revenue of 22 state governments with almost 42 million citizens. And yet Grover Norquist has convinced 279 Members of Congress to pledge not to raise a single dollar in taxes from those who benefit most from unjust tax cuts and loopholes that have enriched the rich, ravaged the poor and middle class, and jeopardized our economy with a housing bubble created by bad mortgages that required massive bailouts of corporations “too big to fail” while millions of Americans lost their homes and pensions.

If these reckless tax policies persist, cascading federal, state, and local budget cuts will continue to hurt millions of families, the misery of epidemic poverty will continue to grow, and a vanishing American dream will continue to disappear for millions of children. These facts led the CDF Action Council to include the “Taxpayer Protection Pledge” as **a vote against children** in its 2011 Scorecard.

How Members of Congress Scored

On the whole, the 112th Congress was a “do-nothing” Congress. But many did respond to our calls to defend health care reform, invest in children, and prevent the national budget from being balanced on the backs of babies. Thanks to public pressure, child advocates in the House and Senate supported critical votes outlined in the 2011 CDF Action Council Scorecard. We are grateful that **141 Members of Congress scored 100 percent** and **223 Members scored between 80 and 100 percent**. Please thank them for voting against the following proposals that would have eliminated essential supports for low-income children and families:

- Repeal of the landmark Affordable Care Act
- The Ryan House budget
- Elimination of Eligibility Provisions for the Food Stamp Program
- Balanced Budget Amendment

The bad news is that **302 Members of Congress scored below 60 percent**—a failing grade—and **21 of these Members scored zero on our Scorecard**. If your members are among them, please let them hear from you and hold them accountable.

By “keeping score,” we remind our political leaders that we are paying attention. Our Scorecard makes clear that America’s greatest deficit is not one of money but of values and priorities. We cannot leave millions of children without hope or a vision of a future worth striving for in our materially powerful but spiritually poor nation. Let us demand that all our political leaders pledge not to ask children to sacrifice their hopes and health and food and education while asking for no sacrifice from powerful billionaires and corporations who have already reaped more than their fair share.

How the CDF Action Council Compiles This Congressional Scorecard

The 2011 Children's Defense Fund Action Council® Nonpartisan Congressional Scorecard scores eight Senate and 10 House votes in 2011 that affected the lives of countless children. The votes in the 2011 Congressional Scorecard cover a range of issues, including early childhood, child health, hunger and nutrition, K-12 and higher education, child welfare, and other protections for low-income families. This scorecard also includes in the final tabulation whether members of the 112th Congress have taken the Americans for Tax Reform's anti-children Taxpayer Protection Pledge.

In compiling the scorecard, members who served only part of a term are scored only on votes cast while in office. Members not voting and votes cast as "present" are scored as votes against children. While we acknowledge that some missed votes are unavoidable due to illness or emergency, it is not possible for us to objectively determine the reason behind each missed vote. Certainly Congresswoman Gabby Giffords, who has always scored well on the CDF Action Council's Nonpartisan Congressional Scorecard, stands out this year. The tragic shooting in Tucson on January 8, 2011 that claimed six lives and left Congresswoman Giffords with traumatic brain injuries kept her off the House floor for much of the year. It should also be noted that the Speaker of the House holds a unique position. Although entitled to participate in debate and to vote, the Speaker traditionally votes only when the vote would be decisive and on matters of special importance such as constitutional amendments. As a result, the Speaker's overall score may not reflect true policy preferences.

Information on how a Representative or Senator voted on each selected bill comes from the *Congressional Quarterly's* automated Internet legislative database (cq.com) and is based on the *Congressional Quarterly's* record of the votes. These votes are also checked by CDF against the House and Senate roll call votes to ensure consistency.

The CDF Action Council hopes this Nonpartisan Congressional Scorecard will serve as an important educational tool as you review the actions of your Members of Congress. Please call, write, and visit your Senators and Representative in Washington, D.C., and in their district offices and urge them to support children. To find out who represents you in Congress visit www.congressmerge.com. You can also sign up for Action Alerts from the CDF Action Council or CDF, its sister organization, to find out when Congress is making critical decisions about children and to let them know your views by entering your zip code and email in the "Get Email Alerts" section of our website.

This annual Nonpartisan Congressional Scorecard is part of the CDF Action Council's ongoing public education, policy analysis, and advocacy for children. It should not be taken as an endorsement of any candidate for public office.

Best and Worst U.S. Senators for Children

The average Senate score for children was 59 percent. There were 42 Senators who scored 100 percent and 7 Senators who scored zero percent.

The Best Senators for Children Scored 100 Percent

How Your Members' Votes Affect Children

Key Senate 2011 Children's Votes

1. Defunding the Affordable Care Act

H Con Res 35, Senate Vote 59; Adoption rejected 47-53 on 4/14/2011

Status: Failed to Proceed to Final Passage

CDF Action Council Position: No. This concurrent resolution included a provision that would have barred the use of FY 2011 funds to implement the Affordable Care Act. Defunding the Affordable Care Act would have denied at least 16 million children, parents, and childless adults eligibility for Medicaid; threatened the successful Children's Health Insurance Program (CHIP) which now provides health coverage for more than seven million and is expected to double in size by 2015; and permitted insurance companies to unjustly deny health coverage to children with pre-existing conditions and set annual limits and lifetime caps on their coverage.

2. Ryan Budget

H Con Res 34, Senate Vote 77; Motion to proceed rejected on 5/25/2011

Status: Failed to Proceed to Final Passage

CDF Action Council Position: No. The House Budget proposal, known as the "Ryan Budget," threatened to dismantle the safety net for children and low-income families. Over 10 years, the proposal would have slashed \$4.3 trillion in critical services, nearly two-thirds of which directly support children and low-income families while giving huge tax cuts to the wealthiest Americans. It would also have cut Medicaid by more than \$770 billion, repealed the landmark health reform legislation, cut funding for the 9.4 million students relying on Pell Grants to attend college, restricted access for the Supplemental Nutrition Assistance Program (SNAP/food stamps), and cut the Child Tax Credit.

3. Motion to Table the Cut, Cap and Balance Act

HR 2560, Senate Vote 116; Motion agreed to 51-46 on 7/22/2011

Status: Failed to Proceed to Final Passage

CDF Action Council Position: Yes. This motion killed a House-passed deficit reduction plan known as "Cut, Cap and Balance," which threatened crucial supports for children. Its deep cuts in spending disproportionately fell on programs affecting children and low-income families and would have locked in these cuts over 10 years. It also would have required that any vote to raise the debt ceiling be accompanied by the passage of a balanced budget amendment that would have serious consequences for children and our country's economic future.

4. American Jobs Act

S 1660, Senate Vote 160; Cloture motion rejected 50-49 on 10/11/2011

Status: Failed to Proceed to Final Passage

CDF Action Council Position: Yes. The \$447 billion jobs package called the "American Jobs Act" (AJA) would have provided job opportunities that would be fully paid for through a combination of revenue increases and spending cuts. The AJA included \$30 billion to renovate 35,000 public schools; \$35 billion to preserve the jobs of over 280,000 teachers and "first responders" such as police and firefighters; a \$15 billion neighborhood stabilization fund to help improve and repair low-income housing; and an extension of unemployment benefits.

5. Elimination of Eligibility Provisions for the Food Stamps Program

HR 2112, Senate Vote 182; Adoption of amendment rejected 41-58 on 10/21/2011

Status: Failed to Proceed to Final Passage

CDF Action Council Position: No. This amendment to an FY 2012 appropriations bill would have eliminated “categorical eligibility” for the Supplemental Nutrition Assistance Program (SNAP). Currently, categorical eligibility allows states to expand access to SNAP/food stamp benefits by raising the income eligibility level from 130 percent of the federal poverty level up to as high as 200 percent. The passage of this amendment would have eliminated this option, cutting one million low-income people in more than 40 states from SNAP. The amendment also would have eliminated free school breakfast and lunch for 200,000 low-income children.

6. Balanced Budget Amendment

S J Res 10, Senate Vote 229; Rejected 47-53 on 12/14/2011

Status: Failed to Proceed to Final Passage

CDF Action Council Position: No. This balanced budget amendment would have amended the U.S. Constitution to require the federal government to balance its budget each year regardless of future financial circumstances or national emergencies. Its passage would have required a cap on total federal spending that would force severe cuts in critical programs serving children from cradle to career such as Medicaid, SNAP/food stamps, Early Head Start and Head Start, and K-12 and higher education.

7. Extension of Payroll Tax Cut and Unemployment Insurance

HR 3630, Senate Vote 232; Adopted 89-10 on 12/17/2011

Status: Became Public Law 112-96

CDF Action Council Position: Yes. This bill helped children in families suffering from the recession by extending the payroll tax cut and unemployment benefits, both of which provide relief to low- and middle-income families. The bill extended both programs until February 2012, ultimately paving the way for a year-long extension. The Senate extension of the payroll tax cut and unemployment benefits did not include the harmful conditions that the House had previously put forward, such as the reduction of unemployment eligibility from 99 to 59 weeks.

8. The Taxpayer Protection Pledge (the “Pledge”)

CDF Action Council Position: No. The pledge promoted by Americans for Tax Reform is a commitment to taxpayers and to the American people that a member will oppose: 1) any and all efforts to increase the marginal income tax rate for individuals and businesses; and 2) any net reduction or elimination of deductions and credits, unless matched dollar for dollar by further reducing tax rates. CDF believes that those who commit to this no-new-taxes pledge are putting the future of millions of our children in jeopardy and has scored such a commitment as a “no” vote for children.

Key House of Representatives 2011 Children's Votes

1. Repeal of the Affordable Care Act

HR 2, House Vote 14; Passed on 1/19/2011

Status: Failed to Pass the Senate

CDF Action Council Position: No. This bill to repeal the Affordable Care Act would have denied at least 16 million children, parents, and childless adults eligibility for Medicaid; threatened the successful Children's Health Insurance Program (CHIP) which now provides more than seven million children health coverage and is expected to double in size by 2015; and permitted insurance companies to unjustly deny health coverage to children with pre-existing conditions and set annual limits and lifetime caps on their coverage.

2. Prohibition of Gainful Employment Regulations

HR 1, House Vote 92; Adopted 289-136 on 2/18/2011

Status: Failed to Pass the Senate

CDF Action Council Position: No. This amendment to a 2011 continuing appropriations bill would have prevented the Department of Education from issuing agency rules regarding "gainful employment" requirements in the Higher Education Act. The Department of Education's proposed rules made federal funding for "for-profit colleges" contingent upon an institution's demonstrated ability to prepare students for success in the workforce. Such a regulation would protect vulnerable students—many of whom are low-income students of color—who are too often preyed upon by these institutions and end up with scarce job prospects and exorbitant debt.

3. Adoption of the Ryan Budget

H Con Res 34, House Vote 277; Adopted 235-193 on 4/15/2011

Status: Failed to Be Adopted in Senate

CDF Action Council Position: No. The House Budget proposal, known as the "Ryan Budget," threatened to dismantle the safety net for children and low-income families. Over 10 years, the proposal would have slashed \$4.3 trillion in critical services, nearly two-thirds of which directly support children and low-income families while giving huge tax cuts to the wealthiest Americans. It would also have cut Medicaid by more than \$770 billion, repealed the landmark health reform legislation, cut funding for the 9.4 million students relying on Pell Grants to attend college, restricted access for the Supplemental Nutrition Assistance Program (SNAP/food stamps), and cut the Child Tax Credit.

4. Cut, Cap and Balance Act

HR 2560, House Vote 606; Passed 234-190 on 7/19/2011

Status: Failed to pass in the Senate

CDF Action Council Position: No. The deficit reduction plan known as "Cut, Cap and Balance" proposed deep spending cuts that would have fallen disproportionately on programs affecting children and low-income families and would have locked in these cuts over 10 years. It also would have required that any vote to raise the debt ceiling be accompanied by the passage of a balanced budget amendment that would have serious consequences for children and our country's economic future.

4. High-Quality Charter School Definition

HR 2218, House Vote 703; Rejected 43-374 on 9/13/2011

Status: Amendment Not Adopted

CDF Action Council Position: No. This amendment to the Empowering Parents through Quality Charter Schools Act would have eliminated a key provision in the federal charter school program that defines a high-quality charter school as one that is showing achievement gains for students from historically disadvantaged groups, including low-income and minority students, students with disabilities, and students who are non-native English speakers. The amendment would have relaxed subgroup accountability, allowed achievement gaps to persist, and rewarded schools that may not serve all of their students.

5. Child and Family Services Improvement and Innovation Act

HR 2883, House Vote 720; Motion agreed to 395-25 on 9/21/2011 and approved by unanimous consent in the Senate on 9/22/2011

Status: Became Public Law 112-34

CDF Action Council Position: Yes. This bill, among other things, continued funding for the Promoting Safe and Stable Families Program, the only source of guaranteed prevention funding to keep children safely with their families and out of foster care, and restored waiver authority for up to ten states a year to invest in prevention and permanence for children. It also clarified that the new protections for educational stability for children in foster care apply not only to children just entering foster care but also to children as they move from foster home to foster home.

7. National Right-to-Carry Reciprocity Act

HR 822, House Vote 852; Passed 272-154 on 11/16/2011

Status: Failed to Pass the Senate

CDF Action Council Position: No. This bill would require states that allow the carrying of concealed firearms to recognize concealed-carry permits issued by other states, even as concealed-carry eligibility rules and other regulations vary from state to state. The most recent analysis of data from 23 high-income countries reported that 87 percent of children under age 15 killed by guns in these nations lived in the United States. Ill-conceived concealed-carry legislation perpetuates the myth that guns promote personal safety and increases the exposure of children to gun violence.

8. Balanced Budget Amendment

HJ Res 2, House Vote 858; Motion rejected 261-165 on 11/18/2011

Status: Failed to Proceed to Final Passage

CDF Action Council Position: No. The balanced budget amendment would have amended the U.S. Constitution to require the federal government to balance its budget each year regardless of future financial circumstances or national emergencies. Its passage would have required a cap on total federal spending that would force severe cuts in critical programs serving children from cradle to career such as Medicaid, SNAP/food stamps, Early Head Start and Head Start, and K-12 and higher education.

9. Extension of Payroll Tax Cut and Unemployment Insurance

HR 3630, House Vote 923; Passed 234-193 on 12/13/2011

Status: Failed to Pass the Senate

CDF Action Council Position: No. This bill would have extended the payroll tax cut and unemployment insurance, both of which provide relief to low- and middle-income families. However, the overall bill was unacceptable because it tied the extensions to unacceptable conditions and restrictions: it would have reduced the maximum duration of unemployment insurance from 99 to 59 weeks; required unemployment insurance recipients to submit to drug testing; and offset the bill's cost in part by cutting funding for the implementation of the Affordable Care Act.

10. The Taxpayer Protection Pledge (the “Pledge”)

CDF Action Council Position: No. The pledge promoted by Americans for Tax Reform is a commitment to taxpayers and to the American people that a member will oppose: 1) any and all efforts to increase the marginal income tax rate for individuals and businesses; and 2) any net reduction or elimination of deductions and credits, unless matched dollar for dollar by further reducing tax rates. CDF believes that those who commit to this no-new-taxes pledge are putting the future of millions of our children in jeopardy and has scored such a commitment as a “no” vote for children.

How Member Voted

- +** Member voted with the CDF Action Council position.
- Member voted against the CDF Action Council position.
- A** Member did not vote or voted “present.” These are counted as votes against the CDF Action Council position.
- I** Ineligible to vote because not in Congress at the time.

Key Senate 2011 Children's Votes

1. Defunding the Affordable Care Act
2. Ryan Budget
3. Motion to table the Cut, Cap and Balance Act
4. American Jobs Act
5. Elimination of eligibility provisions for the food stamps program
6. Balanced Budget Amendment
7. Extension of Payroll Tax Cut and Unemployment Insurance
8. The Taxpayer Protection Pledge (the “Pledge”)

Key House of Representatives 2011 Children's Votes

1. Repeal of the Affordable Care Act
2. Prohibition of gainful employment regulations
3. Adoption of the Ryan Budget
4. Cut, Cap and Balance Act
5. High-quality Charter School Definition
6. Child and Family Services Improvement and Innovation Act
7. National Right to Carry Reciprocity
8. Balanced Budget Amendment
9. Extension of Payroll Tax Cut and Unemployment Insurance

Moments in America for All Children

Every second and a half	a public school student receives an out-of-school suspension.*
Every 8 seconds	a public high school student drops out.*
Every 17 seconds	a child is arrested.
Every 19 seconds	a baby is born to an unmarried mother.
Every 29 seconds	a child is born into poverty.
Every 30 seconds	a public school student is corporally punished.*
Every 47 seconds	a child is abused or neglected.
Every 67 seconds	a baby is born without health insurance.
Every 85 seconds	a baby is born to a teen mother.
Every 2 minutes	a baby is born at low birthweight.
Every 3 minutes	a child is arrested for a drug offense.
Every 6 minutes	a child is arrested for a violent offense.
Every 21 minutes	a baby dies before his or her first birthday.
Every hour and a half	a child dies from an accident.
Every 3 hours	a child is killed by a firearm.
Every 5-and-a-half hours	a child is killed by abuse or neglect.
Every 8 hours	a child commits suicide.
Every 10 hours	a baby's mother dies due to complications from pregnancy or childbirth.

* Based on 180 school days of seven hours each. The calculation for suspensions is based on data that show that 2,923,895 students received one or more out-of-school suspensions in 2009 but that do not show the exact number of suspensions each student received. As a result, we are underreporting the actual suspension rate. The rate for corporal punishment is underreported for the same reason.
